Company Presentation

# Intro

- To help our customers to boost their win-ratio & sales efficiency through **select and pursue the right target**.
- We provide exhaustive Databank of all residential Projects from 30+ Cities (all Tier I & II cities) across India with enough parameters to enable **sort & select the target group**. It also has a state-of-the-art **smart search** to narrow down where you want to Attack.
- Attacksales's Databank is hosted on cloud server and is **updated on monthly basis**. Also, new cities will be added need-based / time-to-time.

# Bangalore – Villas : Price wise Break-up

Price-wise Break-up is very much helpful for many categories i.e.,

1. Lift or its Provision in each Villa
2. Swimming Pool or Jacuzzi in each villa
3. Wooden flooring
4. High end bathroom fixtures and faucets
5. Home Theatre
6. Home Automation
7. Solar roof top
8. Modular Kitchen with appliances
9. UPVC Windows
10. VRV/VRF air-conditioning system
11. DG Sets Power backup

# Cities covered

Nagpur

Chennai  
Coimbatore  
Bengaluru  
Mysore  
Hyderabad  
Kochi  
Vishakhapatnam

# Attacksale's Advantages

1. It gives a wide range of upcoming, ongoing & completed Projects. Depending on the product, one can select the stage of the projects to target.
2. Excellent opportunities to enter pre-launch / upcoming Projects and get the scope / specifications modified with incorporation of your brand / products.
3. You pleasantly surprise builders with better preparedness of your proposal (thru master plan & floor plans )
4. Useful for market sizing & planning with appropriate projects for different categories / price levels and entry strategies
5. Opportunity to consolidate any builder's requirement even if in different cities

# Attacksale's Advantages

6. Opportunity to enhance the market share quickly of newly introduced / low moving products along with best selling products
7. Smart Search facility quickly gives shortlisted projects with single word like swimming pool, jacuzzi, gym , club-house, etc. to target the projects with the amenity
8. Sort in Increasing / Decreasing order based on any Parameter(Price, Area, Locality, etc., using top bar )
9. Slice the data through multiple parameters (using individual column search at the bottom bar )
10. Accelerate the project detail communication within team (via One-click SMS) including Google Map location
11. Figure out more projects around your existing installations to create clusters with less efforts and upgrading the standards of locality.

# Advantage – DG Set Manufacturers

1. Master plans & Floor Plans helps to work-out the load requirements, quantity & locations
2. Getting structural consultant & Architect's details thru RERA Link ( along with Builder details) would be useful
3. In case of high Price range of Apartment/Villa using Price sort feature, the higher version of automation or brand may be offered
4. Also, refer to our case study where we search for large volume of lifts (50 – 100 per project) in luxury villas :  
[http://attacksale.com/use\\_case\\_lift.php](http://attacksale.com/use_case_lift.php)
